Dear Claire and Friends,

## LETTER OF THANKS AND APPRECIATIONS.

We are very pleased indeed to express our profound thanks and appreciations for your kind assistance to our orphanage and school in Africa.

The staff and children have greatly benefited from your first grant donation of Le.2, 000,000 on 29<sup>th</sup>. December, 2004; this was used to pay salaries to workers and maintenance of furniture. However, we are extremely pleased this year again for your material donation of vitally needed clothing, books for the library, setting up and teaching our staff at the orphanage how to operate the new library and your trainings of the children on reading, martial arts, etc.

However, the outcomes of your services are terrific with long-lasting impacts on the developments of the future mothers and fathers of the next generation of Sierra Leone at a time when the need for such child-care support is greatest.

We are therefore, happy to inform you that both children and staff of the orphanage and school are deeply grateful for your assistance.

Continue the great work!!

Yours sincerely in Christ
